

ABHISHEK SAHA

saha.abhishek0987@gmail.com / +91 – 8910554710

SUMMARY

Highly motivated and detail-oriented aspiring software engineer with a strong foundation in web development, data structure and programming fundamentals. Proficient in building responsive web applications, developing air driven solution and writing clean, efficient code. Experienced in collaborative project-based environment, problem solving and rapid prototyping actively seeking opportunities to apply technical skills in real world software engineering roles.

SKILLS

- Languages: Java, Python, JavaScript, HTML, CSS, ABAP
- AI and Frameworks: LangChain, AI-driven Data Analysis, Prompt Engineering
- Software and Tools: Figma (UI/UX Design), Git/GitHub, VS CODE, IntelliJ, SAP

EDUCATION AND TRAINING

Expected in 07/2027

Bachelor of Technology, Computer Science and Engineering(CSE) 08/2023 - current
Techno Bengal Institute of Technology, Kolkata, WB.

- Relevant Courses: Programming Languages (Python, C, Java), Computer Architecture, Data Structures and Algorithm, Object Oriented Programming, Software Engineering, Design and Analysis of Algorithm.
- GPA: 6.9(Till 5th SEM)

Higher Secondary

PATHA BHAVAN , kolkata, West Bengal
Percentage – 66%

ACCOMPLISHMENTS

- **Winner, Drone Making Competition**, Secured first prize in a college-level competition, demonstrating technical innovation.

PROJECTS

Library Management System, A full-stack Library Management System built with Node.js, Express, and MongoDB.
<https://bibliotheca-wp3n.onrender.com/>

Shaidow - AI-based Chatbot (LangChain), Built an intelligent, context-aware chatbot using the LangChain framework., Focused on implementing efficient NLP logic for high-quality conversational responses.(Ongoing Project)

CERTIFICATIONS

NPTEL – Introduction To Internet Of Things (Elite + Silver)
NPTEL – Ethical Hacking
NPTEL – The Joy of Computing using Python (Elite)
NPTEL – Programming In Java (Elite + Gold)
NPTEL – Cloud Computing (Elite + Silver)
SAP S/4 HANA DEVELOPMENT CERTIFICATION
